## If you have a weight-problem we can help you!

Down from 198 to a slim 135 lbs.

Virginia Blevens — here are her "before-and-after" pictures — was once an uncomfortable 198 pounds. After Stauffer she trimmed down to a slim, 135 pounds. To quote her heartfelt thanks, "I am one of the happiest women in the world!" And "Virginia is only one of thousands of women who, with the aid of the Stauffer-system, have rid themselves of an unlovely, unwanted shape."

When inches are more important than pounds!

Down 90 pounds & 8 dress sizes

Clara Collett, once all of 230 pounds and resigned to size 46 dresses sized down over 90 pounds and 8 dress sizes. She lost 11 inches from her hips over 18 inches from her waist and 14 inches from her thighs. Soon she was gaily telling everyone, "I feel young again!" This could happen to you. Why not call us?

Spring and Summer bring thoughts of shorts, capris, hip-huggers, slim-jims, strapless and backless bathing dresses. But how many women have a swim suit shape? How many of you are dreading the mere mention of "the beach"? But there is no need for you to be embarrassed by the thought of warm weather "fun" clothes. Come along to the Salon for expert advice. Let's have a confidential chat about you and your problems. Let's really get down to basics, woman-to-woman and then, after a thorough figure analysis, we'll advise you as to how best you can lose just where you need to lose. Being "summer-slim" need no longer be a dream but even as little as five pounds overweight can prevent it becoming a reality.
